†*364. PROF. ALKA BALRAM KSHATRIYA: Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

(a) whether Government are aware that the present education system in the country is creating large scale unemployment and no priority has been given to the requirements of the industry and trade;

(b) if so, whether a job oriented education system is proposed to be introduced; and

(c) if so, the time limit fixed in this regard and the details of various aspects which would be taken care of?

THE MINISTER OF HUMAN RESORUCE DEVELOPMENT (SHRI ARJUN SINGH): (a) to (c) It would be incorrect to say that the Education System is responsible for large scale unemployment and that no attention has been given to the requirements of trade and industry. However, the Government is aware that one of the aims of the Education System is to cater to the needs of the job market. This need has to be continuously attended to and the process can never come to an end.
